

Just to confirm that the local lockdown measures are still in place across Greater Manchester. There are a few changes that have been made today for Oldham and Wigan, but for Rochdale we remain under the local restrictions: <https://www.gov.uk/guidance/north-west-of-england-local-restrictions-what-you-can-and-cannot-do>

We understand the situation will be reviewed again in a week's time.

Please see below from the Chamber. This is a vitally important survey for the Chamber and you do NOT need to be a member to complete it.

It only takes 5 mins to complete. Let's see if we can get the highest level of responses from Rochdale!

GM Chamber Fourth COVID-19 Recovery Tracker / Quarterly Economic Survey Q3 2020

At Greater Manchester Chamber of Commerce, we understand that Covid-19 is a serious concern for everyone. Although there has been a relaxation of the total lockdown imposed in March, there remain serious concerns around local restrictions and potential lockdown in parts of Greater Manchester. Yet, Chancellor Rishi Sunak's business support package is being gradually wound down and would be harmful for businesses in Greater Manchester.

Since March we have been conducting our Business Monitor series of surveys. Using the data gathered from business leaders like yourselves, we have been able to record the impact of Covid 19 on Greater Manchester's economy. This research is crucial in our work in representing business and making sure that your views, and the challenges you face, are communicated to the highest levels of both local and central government.

We have just launched our Fourth GM Recovery Tracker and Quarterly Economic Survey for Q3 2020. The survey takes no more than five minutes and you'll be contributing to vital, regular insights on our regional economy. I would really appreciate it if you filled in the survey which can be found here: <https://www.surveymonkey.co.uk/r/gmrecoverytrackerAP>
